Council Again To Study Ban On Carnivals

Merchants' Petition Is Considered as Show Asks Permit

Whether or not carnivals should be allowed to come into Albany was again put up to the City Council, at its meeting last Monday night, as the West Coast Amusement Company applied for a permit to put on a week's show here during the month of April.

This application revived the petition that was placed on file last July from local businessmen asking that such traveling shows be banned from the city. It was charged at that time by the signers that such enterprises were responsible for an appreciable drop in revenues to merchants of the city, both during their stay and for a noticeable time afterward.

In view of this document, action was deferred on the carnival's request and the sentiment of the merchants was to be sought out to ascertain if they still objected to the shows. This followed the motion of Councilman Batchelder and a statement from Chief of Police John Glavinovich that he disapproved of allowing carnivals to play here.

CONTRACT AWARDED

"Inasmuch," he said, "all things were equal in the bids received" from the various oil companies, it was moved by Councilman Hanahan that the city's fuel contract with the Standard Oil Company be renewed. This was seconded by Councilman Batchelder and passed unanimously by the council.

Another reason given for a continuation of the present arrangement with the company was that complete satisfaction had always been given in the past by the oil firm in supplying gasoline for the city's cars. Bids were received last week from nine companies, offering fuel at identical rates.

Classifying M. E. Ferdinand as a special laborer of the street department, the council moved in accord to pay him \$30 a month for his service as caretaker of the dump. He applied last week for \$35, having until now received no compensation from the city.

TREASURER'S REPORT

Showing Albany's financial affairs to be in a healthy condition, a report from Mrs. Grace Higgins, city treasurer, revealed a balance on hand of \$43,934.63.

At the request of Superintendent of Schools John F. West, the city official was ordered to turn over the sum of \$15,000 to the county treasurer, to be used in the construction of the high school building now being built.

A blanket resolution was introduced establishing salaries in the street, fire and other municipal departments. This set a figure of \$120 per month for permanent employees and a wage scale of \$5 a day for extra men in the street department. In the fire department salaries of first class firemen were set at \$150 while the pay of second class firemen, or those having less than two years service was fixed at \$145.

CLAIM IS SETTLED

Following the expressed approval of City Attorney C. N. Lavers, the council decided to accept \$20 as payment for damages to one of the fire trucks in a recent accident. Although the damage amounted to \$37.50, Lavers advised a settlement of the city's claim for the lower sum in view of the fact that the other vehicle carried no insurance and a court suit would probably have to be resorted to if an effort were made to collect the full amount. Mayor O. C. Yenne was authorized to sign a release for the city.

An invitation of the California League of Municipalities that the officials attend a session in San Leandro of January 20 was accepted, most of those present stating their intention of taking part in the gathering at that time.

A meeting of 1936 and 1937 Y. M. C. A. summer camp leaders was held at the Albany Y. M. C. A. Tuesday of this week. Many new plans were outlined for the annual Boys' and Girls' Camp to be opened June 13. Several new University of California leaders will be selected according to C. E. Morris, director of the camp.

Building Totals Jumped Here During 1936

With building permits for 1936 calling for the construction of \$428,051 worth of new structures in the city, Albany's growth took a decided bound in that year, the annual report of Harry I. Dygert, superintendent of streets and city engineer, testified.

This compared with a total of \$191,181 in building permits issued by his office in 1935, a comparison disclosed.

Last year saw 102 dwellings, valued at \$295,277, authorized by the municipal office. Four gas stations, one office building, one school and one church completed the list of new buildings in that time.

Dygert also pointed out that additions, alterations and the construction of private garages had amounted to \$41,595 in the same 12-month period.

December's permits numbered 15, as follows: seven dwellings, valued at \$20,600; one service station, value \$25,000; alterations, additions and repairs amounting to \$908.

Big Increase In Fatalities Is Reported

In his annual report, it was disclosed by Police Chief John Glavinovich that this city witnessed 96 automobile accidents during the year of 1936. These crashes resulted in death to six persons and the injury of 46.

This marked a new high in auto deaths for any one year in the city of Albany, last year having recorded but two fatalities and 45 injuries.

Local Police covered a total of 101,249 miles on duty, the figures show. While 603 radio calls were responded to during the year, 2,527 calls were received altogether by the department.

Twenty-five stolen cars were recovered here, 15 of which were taken from other cities. These cars were valued at \$9,850. While 16 bicycles were reported as stolen here, none were recovered by the police.

Loss by burglaries was computed at \$390.10; by store holdups, \$15; by petty theft, \$316.50; by fictitious checks, a net loss of \$144.96; by theft and fraud, \$6,122.56. The total value of all stolen property which was recovered here amounted to \$10,370.

The tidy sum of \$8,746.98 was paid in fines and forfeitures by 1547 persons arrested here. Operator's cards were issued to 666 applicants.

Seventeen persons were bitten by dogs, the chief reported. Three dogs were killed by police.

Fifteen adults reported missing were located and 35 lost children returned to their parents. Thirty-six persons were taken to the county jail during the year, while the local institution housed 78.

Dads to See Model Planes

The regular meeting of the Albany High Dads Club this evening will be in the form of an "Aviation Night," it was announced. The club will meet in the study hall of the high school at 7:45 p. m.

Albany's Ace of Clubs Squadron of the Junior Birdmen of America will be on hand to display all types of airplane models including several powered by miniature gasoline motors. The youth will be under the direction of Duncan McGregor, counselor of the club. Other interesting speakers on aviation will also be heard.

Refreshments will be served. Both boys and girls are invited to attend with their dads.

The Dads Club also issued an invitation to the general public to attend a whist party on Friday, January 22. This party is for the joint benefit of the high school athletic injury fund and the club.

Mrs. H. R. Roney and Mrs. Charles B. Lyon of the Cornell P. T. A. attended a recent meeting of the Berkeley Council which was held at Burbank Junior High School.

Welcoming New Bus Service

Shown standing before the motor coach provided by the East Bay Transit Company for a de luxe tour of the city at the inauguration of the Portland-Santa Fe bus service are, left to right: J. R. Moore, E. M. Wilson and John MacCann of the Times; Harry Dygert, city engineer; Ed Ryken, Mrs. Beatrice Raymond, Mrs. Grace Higgins, city treasurer; Mayor O. C. Yenne, Councilman George Batchelder and William P. St. Sure, vice-president of the company.

Marin School To Graduate Next Friday

The presentation of diplomas will be preceded by interesting graduation day exercises on the afternoon of January 22 at Marin School at 1:30 o'clock.

The program will start with the president's greeting. This will be followed by introductory remarks by Carol Barnes. Principal Allan Keim will then address the assemblage.

At the termination of his speech, the girls chorus will harmonize in a musical number. Jutta Zahn will then recite a poem entitled "If."

John Franklin West, superintendent of schools, will deliver an address, with Robert Baker, class valedictorian, replying to the speech after which May Ellen Smith will play a piano solo.

Other features will include the presentation of block letters by Rudolph Rudd and the closing school song by the graduating class.

The affair will terminate with a party to be given by the P. T. A.

Robert Baker was elected class president and Jean Scott, secretary. Blue and white were the colors chosen and the class motto decided upon was "Speech Is Silver and Silence Is Golden." Miss R. Lemon is in charge of arrangements.

Couple Will Wed Tomorrow

Miss Gertrude Mazzo will become the bride of John C. Riley at a ceremony to be held in San Francisco tomorrow afternoon at 2:30 o'clock.

She will be attired in a light gray outfit with eel gray accessories and will wear a corsage of lavender orchids. The mother of the groom will wear an afternoon dress of aqua blue crepe set off with a corsage of yellow rosebuds. John Arthur will act as best man.

The bride-elect is the daughter of Mrs. Gertrude Mazzo of 1622 Third Avenue, San Francisco, and is with the Goodrich Company in that city.

The groom is the son of Mr. and Mrs. J. P. Riley of Albany Terrace, Albany, and the grandson of Mrs. Eva Burns, local librarian. He graduated from Berkeley High School in 1930 and is associated with the Golden State Dairy Company.

Following the ceremony a reception will be held at the home of Mrs. Mazzo to which all San Francisco friends of the young couple have been invited. This will be followed by a reception to be given by the parents of the groom for East Bay friends.

Effects of hot and cold weather on dairy cattle have recently been investigated.

City Commences To Thaw Out as Cold Spell Ends

With the cold spell apparently over, at least for the present, citizens of Albany are now able to thaw out a little and take stock of the experience.

Thermometer readings during the arctic weather gave all sorts of readings, one even showing a record low of 13 degrees. This was not guaranteed by its owner, however, and just what the lowest temperature really was will have to be guessed at by the recent shivers.

The frigidity brought happiness to fuel dealers of the city, it was discovered. At the Albany Coal and Wood Company, 828 San Pablo Avenue, a boom in all kinds of fuel was reported by the owner, Frank Corey. "About the biggest to days we've ever had," was the way he put it.

Pastor Tells Of Progress Of Campaign

A promised gift of \$1,000 to the "Silver Stream" fund now being raised by the Albany Community M. E. Church was announced this week by Rev. Herbert Brooke, pastor of the institution.

The money has been promised, told Rev. Brooke, on the condition that the church raise a minimum of \$7,000 for the reduction of its indebtedness. The clergyman said, "I want to get that money, but it can only be obtained by doing our part."

"Of course it is not expected that this entire amount will be raised in Albany. We are expecting the Bank of America to make some definite reduction of the note it holds and we hope to raise another two or three thousand dollars outside of this community."

A minimum of \$2,000 must be collected here, he continued, saying that at least \$1,500 more would have to be secured locally. If his efforts and those of the other workers are successful here, several donors have promised \$500 more while another person has given assurance of another \$200 contribution.

Rev. Brooke asserted that what is needed now is a number of persons who will donate to the cause if the amount of \$7,000 is realized. All who would be interested in helping on this basis are asked to communicate with him at Thornwall 7312.

A demonstration and lecture on Red Cross first aid will be presented before an educational group gathered at the home of Mrs. Chester Cusick, 5877 Mendicino Avenue, Berkeley this evening by the Albany "Y" and Community Center Junior Red Cross first aid team. The team will be in charge of Dorothy McCormack as captain and C. E. Morris as instructor.

Johnson Asks Bill to Aid City Schools

Discrimination against the Albany Unified School District and other smaller unified school districts will be ended if a measure introduced in the State Assembly today by Assemblyman Gardner Johnson of the Nineteenth District, is enacted into law. At the 1935 session of the legislature amended the school code so as to deprive unified school districts of supervisory funds unless the average daily attendance in such districts exceeded 1500. The Albany district does not have such attendance and will lose the sum of \$5600 for its school support during the year 1936-37, unless Assemblyman Johnson's bill is adopted. In order to save that amount to the Albany district, he will insist upon the immediate enactment of his measure as an urgency bill and he has obtained assurance from the State Department of Education that its officials will back him up in this move.

Last November the Albany Board of Education by unanimous vote, adopted a resolution requesting repeal of the law. They have been advised today that the Johnson measure meets their suggestion.

Cornell Will Hold Program

"The March of Time," a play written by the graduating class of Cornell School, with Father Time enacted by Stanley Olman and his attendant, Sheila Smith, will be presented at the Cornell School the afternoon of January 21 as part of the Graduation program.

Following the play a piano solo will be given by Marilyn Tatton and the class prophecy will be read by Mary Jane Brotzman.

The graduating girls clad in white middie blouses, red ties and dark skirts and the boys wearing white shirts, red neckties and dark trousers will file past Principal Kenneth P. Glines who will present promotion and penmanship certificates.

Members of the cast who will represent the 12 months beginning with February, 1936, are: February, Bernice Rosenlof; March, Julia Coggiola; April, seventh grade girls; May, Doris Mae McDuffee; June, seventh grade; July, Geraldine Ross; August, Bobbie Jacobsen; September, Violet Rindsberg and Lorraine Higuera; October, Geraldine Ross; November, Norman Taveira, Frank Nausin and Robert Hammond; December, Aileen Sola and January, 1937, by the graduates, Miss Grace Hinds in charge. Joe Carlevaro and Jim Feist are to be in charge of the stage properties, assisted by C. S. Norman.

Clubwomen Plan Full Season of Activities Here

A busy season ahead for the Mothers Club of the Albany Community Center was reported by Mrs. Milton Haines, president, as the group held a meeting this week.

Mrs. Haines outlined the past activities of the club and told of the plans for the coming term. These include whist parties, socials, luncheons, educational talks and trips and other events to provide many interesting afternoons for the members.

All mothers of the community are urged to attend the meetings and to join the club. Meetings are held the first and third Wednesdays of the month. The club's newest project is that of furnishing new curtains for the entire Y. M. C. A. building at which it meets.

Post Begins Work on Big March Affair

"It'll be the biggest event in American Legion circles in Northern California this year!"

Such is the extremely optimistic declaration of Albany Post as it makes plans for its fourth annual Smoker, which is to be given on March 19 at the Veterans Memorial Building. Invitations have been sent to all state and national department officers to be guests of the local legionnaires on that date.

The visitation committee, directed by E. V. Birks, will begin visiting every post in Alameda, San Francisco, Contra Costa and Santa Clara counties, bidding all members to attend this night of fun and frolic. The goal at present is to exceed last year's record attendance of 1,000 persons.

Albany Post has again selected A. H. Harrison, one of its members, as the financial advisor of the effort. Credit for his financing of the event in the past three years, a fact which greatly aided their success, was considered in making the appointment, it was said.

NAME LYON CHAIRMAN

Walker Lyon is named as general chairman of the production and is to be assisted by the following: Ammon A. Cook, production manager; Earl Hodgkins, electrical effects and properties; W. L. Holland, publicity; Max Etingoff, reception; J. R. Moore, distinguished guests; Steve Birks, visitation; Fred Houser, refreshments; Clarence Finn, program; Frank Graber, door; Sidney Williams, prizes; A. L. Ford, floor; Peter Schutter, house director.

Commander Leon Fay announced that he would make other appointments from time to time as is necessary. The chairmen as named above will select members to assist on their respective committees.

A. L. Lemes Joins Penn Mutual Co.

His decision to enter the insurance business was revealed by his many friends in this district this week by A. F. Lemes, former newspaperman of this city.

Lemes, who has lately been working with the San Francisco Examiner, is now associated with the Penn Mutual Life Insurance Company and today began attending a training institute which the firm maintains for its salesmen.

At the conclusion of this course he will be employed at the Oakland office of the company, also maintaining a local office at his home here, 831 Carmel Avenue, where he resides with his wife and young daughter, Betty.

Members of the graduating class are: William Baker, Tony Braccia, Mary Jane Brotzman, Patricia Brown, Hector Burnett, Robert Burnett, Joe Carlevaro, Julia Coggiola, Edward Dolan, Dean Draper, Jim Feist, Eleanore Hamala, Robert Hammond, Lorraine Higuera, Bobbie Jacobsen, Vorne Johansen, Lucy Lepurin, Basil May, Joy Naro, Doris Mae McDuffee, Frank Nausin, Stanley Olman, Violet Rindsberg, Bernice Rosenlof, Geraldine Ross, Edward Sargeant, Aileen Sola, Sheila Smith, Marilyn Tatton and Norman Taveira.

Party Makes Official Trip On Bus Route

Opening of New Bus Service Feted Here Monday

Greetings to the residents of the city and the tidings that Albany had acquired a new motorcoach service were sent out by Mayor O. C. Yenne Monday afternoon as he, with a party of local people, made a de luxe tour of the city in a special bus provided by William St. Sure, vice president of the East Bay Transit Company. The bus, equipped with a loudspeaker system, was also equipped with nearly every imaginable comfort for charter trips.

The trip marked the inaugural day of the Portland-Santa Fe bus service which provides rapid transportation from San Pablo and Portland Avenues to Rose and Sacramento Streets in Berkeley.

Mayor Yenne officially thanked St. Sure for the service at the beginning of the tour, telling the official that the city would show its appreciation by a growing patronage. The acquisition of this newest link in transportation was brought about by continuous work on the part of the mayor, of Mrs. Beatrice Raymond, local business woman and president of the Women's Breakfast Club, and of various civic groups including the Albany Chamber of Commerce.

VALUE OF SERVICE

As the trip continued over the route the mayor told via the loudspeaker of the great importance of such a service which will supply a means for the residents of eastern Albany to quickly get to San Pablo Avenue as well as to transfer to coaches bound for Oakland and Berkeley.

At present, it was disclosed by the operators of the line, part-time schedule is being offered, to be increased as the demand grows for the service. The first bus in the morning leaves Portland and San Pablo Avenues at 6:41, leaving Rose and Sacramento Streets at 6:33 a. m. The service continues at 20-minute intervals for a period of three hours. In the afternoon the coaches make their first trip from the Albany point at 3:09, from Berkeley at 3 p. m. This service runs for three hours and 40 minutes, the last coach leaving this city at 6:49 p. m.

SERVICE TO EXPAND

The service will be expanded as it is found necessary, said St. Sure, according to the support of the people in this district.

In the party making the trip Monday were Mayor Yenne, Councilman George Batchelder, H. I. Dygert, superintendent of streets; Mrs. Grace Higgins, city treasurer; Mrs. Raymond, Ed Ryken, Carl Giblin, E. M. Wilson and John MacCann of the Times; Bert Townsend of Dons Market; Mrs. Pat Alimonti, Miss Sophie Segal and Ed Howell and the members of the Albany Playground Orchestra. The latter group played several numbers on the tour which was directed by V. M. Hidalgo, manager of the charter service of the company. The bus was driven by Operator O. C. Duddy.

Fire Loss in Big Decrease

Although the buildings and contents which were menaced by fire here during the year had a value of \$67,000, the actual loss sustained amounted to only \$937, it was pointed out in the annual report just made public by Fire Chief Carl Ahlgren.

The department responded to 84 alarms in 1936 and four inhalator calls. The principal fires listed were as follows: Dry grass, railroad crossings, automobiles, defective chimneys, rubbish and miscellaneous. Two false alarms were turned in.

Other duties of the fire department consisted of the transmission of 1606 police calls, issuance of 175 fire permits, burning grass on vacant lots, pumping out 37 basements and condemning three chimneys.

ALBANY POST

NO. 292

The regular January meeting of the Post will be held tonight. The entertainment feature will be talking pictures showing the wonder of telephonic and trans-oceanic communication. These pictures will be furnished by the Pacific Telephone and Telegraph Company through the courtesy of Earl Hodgkins, the junior past commander of the Post.

Commander Leon Fay will announce the committee chairman for the fourth annual smoker. The members to fill the key positions of the Albany Post's biggest entertainment feature of the year will select members to serve on their respective committees. The date for the biggest entertainment in Legion circles in Northern California has been set for March 10.

That interest is aroused for this year's affair is evidenced by the application received from Mr. Joe Dagna to furnish one of the feature acts for the show, this being the first application received.

The Post will this month in accordance with its established custom make scholarship awards to the honor students graduating from the Albany High and Junior High schools, this semester. A. L. Ford and Andre La Fayette of the Post's Americanization Committee are cooperating with the school faculty in making arrangements for the awards.

We invite co-operation in an effort to make this church a source of inspiration and strength to our community. Do not stand outside and criticize, come in and help us.

P-T. A. MEMBERS
NAME COMMITTEE

At the meeting of the Cornell Parent-Teacher Association, the following members were chosen to serve on the nominating committee: Kenneth Glines, Mrs. H. R. Roney, Mrs. J. Jungnickel and Mrs. Leslie Howe. Alternates elected were Mrs. C. E. Webster and Mrs. F. Penolosa.

Mrs. Roney, Mrs. Errol Hayes, Miss Sue Barnett, Mrs. F. Cambis and Mrs. C. E. Webster were named on a committee to choose a person to whom shall be given a life membership in the association. The money realized from these memberships is used for a student revolving fund through which students are given an opportunity to complete their education.

ILLNESS KEEPS
MAN FROM WORK

Suffering with an abscessed ear, Tom Farnsworth, newly appointed superintendent of recreation, has been confined to his home at 1015 Evelyn Avenue for the past week.

He is being treated by Dr. Jack L. Stein, who found it necessary to lance the organ on Wednesday, it was said. Farnsworth's absence from his position will be necessary for an indefinite period, the physician stated.

Monday Whist Is
Plan of Circle

Arbor Vitae Circle of the Druids will sponsor a whist party next Monday evening at the Masonic Hall at Fifty-fifth Street and Shattuck Avenue, Oakland. Play will start promptly at 8:30 o'clock.

Mrs. Helen Montana is in charge of the affair. Score cards will cost 25 cents and includes refreshments. The public is invited to attend.

Ford Employees
Reward Foreman

As a token of their friendship, fellow employees yesterday presented a gold watch to N. L. Crumpton, general foreman of the chassis department in the Ford plant at Richmond.

Crumpton, a former resident here at 913 Masonic Avenue, has been associated with the Ford Company for nearly 15 years, his friends revealed, and is soon to retire to a recently purchased ranch near San Diego.

Mrs. Crumpton is now living in the southern city and will be joined by her husband as soon as he leaves the Richmond position.

Cleaner Moves
To New Location

Announcement of the removal of his firm to new quarters at 847 San Pablo Avenue was made this week by Gilbert Sturman, owner of the Sturman Cleaners, formerly of 856A San Pablo Avenue.

The new site was occupied previously by the Classy Cleaners, it will be remembered. The latter firm sold out to him and its many customers will continue to receive the same quality service, Sturman said.

Since opening several months ago at the first address, the cleaning company has earned itself an enviable reputation for the efficiency and quality of its service.

REORGANIZATION
OF BOY'S CLUB

Under the direction of Bob Carlton, 18 boys were on hand last week at the reorganization of the Friendly Indians, a junior group of boys from 9 to 12 years of age which meets at the Y. M. C. A. each Saturday morning. New officers were chosen as follows: Bill Ross, president; Malcolm Currie, treasurer and Frank Ferguson, secretary.

Boys interested in baseball are especially invited to join as a team of Friendly Indians is soon to be organized. The next meeting will be held tomorrow morning at 9:30.

Frank H. Mugford of this city was a holiday visitor in Napa and renewed many old acquaintances. The local man is a former resident of that town.

Mrs. Ruth Williams of 1110 Washington Avenue told this week of the return to Boise, Idaho, of her sister, Mrs. A. T. Haas who has been visiting her for a short time.

Open Bakery On Wednesday

Wednesday, January 20, Albany will welcome as one of its newest and finest business establishments, Band's Bakery at 1558 Solano Avenue.

Operated by Ed Band, well known in the district, the new bakery will contain the latest equipment of the industry. Nothing has been spared, the proprietor stated, to bring the finest in bakery goods to the people here. Even a refrigerated showcase, designed to keep cream goods fresh, has been installed.

An "open house" will be held on the opening day, with samples of products for those who attend. Two large cakes, especially decorated, will be awarded, one in the afternoon and one in the evening, to fortunate persons.

Band formerly operated a bakery in this vicinity and has had considerable experience in his line of work.

H. A. Pleitner. Natural Builder

One of the finest pioneer firms of the East Bay, is the real estate and insurance firm operated at 4021 East 14th by H. A. Pleitner.

Mr. Pleitner has built an enviable reputation for honesty and square dealing while his many kindnesses and charities have endeared him to literally thousands of East Bay residents.

Mr. Pleitner's financial success has been due largely to his ability to foresee general realty trends, his untiring efforts in aiding any progressive movements that would build and improve East Oakland, and the fact that he is a natural born builder.

He is probably "responsible" for more home owners in East Oakland than any other man or real estate firm, for when any reliable person acquires a home from Mr. Pleitner on the installment plan, he receives the kindest sort of cooperation possible, until the property is paid in full.

Hundreds of East Oakland residents own their homes because of his lenient sympathetic treatment during the first dark days of the depression.

Do not fail to interview Mr. Pleitner when looking for any property in East Oakland, (business, speculative or home) either for purchase or rental

Connelley Liquor Cure Established For Many Years

The curse of alcoholic addiction is only too well recognized by the thousands of people who have suffered untold agonies of body and spirit through the improper use of intoxicating beverages. Homes have been broken, fortunes swept away, and derelicts made of fine upstanding men and women through an insatiable craving for strong drink. Children and wives suffer untold misery as a result of a husband's inability to rid himself of this insidious disease.

The Connelley Liquor Cure, located at 1273-26th Avenue in Oakland, have been established for over 35 years and have made a scientific study of the causes of excessive drinking, and research has led to the very obvious conclusion that addiction to alcohol is and should be treated as a stubborn disease rather than as a disgusting habit. With this scientific fact as a foundation, the Connelley institution has perfected a course of treatment for the positive cure of drunkards, which has sent thousands away from the institution completely divorced from their affliction and able once more to take their places in normal society.

The Connelley Liquor Cure, recognizing the extreme delicacy of the subject has made it an inviolable rule to answer all inquiries with the strictest of confidence. Friends or relatives may rest secure in the knowledge that their inquiries regarding a loved one will be treated with the utmost tact and such an inquiry may result in the ultimate salvation of the person afflicted.

A call to the Connelley Liquor Cure at the address above will convince the most skeptical that here at least is the answer to a problem which has in many cases assumed the most serious proportions. The reader should not delay his investigation of this modern method. Alcoholism, like any other disease yields more readily to treatment if checked in its earlier stages.—Advt.

purposes. His advice to you, based on 46 years of successful operation is certainly valuable and will be fairly and honestly given without obligation.—Advt.

Bloomin' Flower Shop Is Doing Fine Business

Mr. W. G. Hassard, proprietor of the Bloomin' Flower Shop, has not only built a thriving business but has also always identified himself with the progressive element of the East Bay.

"Flowers for all occasions" is not only a motto with Mr. Hassard, but is an established fact. With years of experience behind him, Mr. Hassard can give you expert advice on color schemes and the proper flowers for all occasions, a specialized subject that few of us are conversant with. It is an amusing thing that by the flowers we buy, the florist knows more about us than most people recognize. He knows, usually what boy is courting what girl—what men remember their anniversaries, what people are getting married, or may be ill. The florist always must be able to advise you or lead you into buying the right thing.

You will always receive the same cordial, honest attention and sound advice at the Bloomin' Flower Shop, whether you are after a twenty-five cent corsage or a twenty-five dollar funeral decoration. The Bloomin' Flower Shop is located at 3909 Grove Street, Oakland.—Advt.

Johnson, the Plumber Is Well Known Here

Arthur Johnson the prominent Berkeley plumber is now located at 2121 Grant Street or may be reached by phone at Berkeley 1012.

Mr. Johnson is undoubtedly known to a good many of our readers as he has made many staunch friends in Albany in the many years he has been in business.

Mr. Johnson has a modern well equipped shop and is prepared to handle jobs of any size, be it repair work or the installing of a complete plumbing or heating system in a new home, while his name stands for quality, reliability and progress in his industry. Mr. Johnson has kept thor-

Cochran & Celli Reliable Dealers

Cochran & Celli Motor Company, Oakland's pioneer Chevrolet dealers, is a great automobile institution located at 417 6th Street and 289 12th Street, with used cars on display at 4224 East 14th and 308 12th Street, Oakland. Their interest in patrons does not cease with the sale of the cars. From the time you first enter the establishment, through the entire life of the motor vehicle you purchase, they are at your service and their one endeavor is to prolong the life of your car, and aid you in economical and efficient transportation.

Mr. Cochran and Mr. Celli, the managers, feel that a great deal of the pleasure of owning a car is created by friendly, kindly association with the dealer, and always stand ready to cooperate in every way possible with the purchaser.

There is no line of cars that have increased their popularity faster than the Chevrolets.

The new models maintain the Chevrolet standard of offering a high grade completely equipped car at a sensationally low price.

Now more than ever before—no matter what car you buy or what price you are willing to pay—you owe it to yourself to see the new Chevrolet models first.

Aside from selling Chevrolets, Cochran & Celli also have many used cars that have thousands of miles left in them and they sell them at prices low enough to make them "good buys."—Advt.

Circle Four of the M. E. Church Ladies Aid will hold a social meeting next Tuesday, January 18 with Mrs. Muriel McGaw presiding.

ughly abreast of the times as advances have been made in his trade and holds a Master Plumber's license in Albany and all other Greater Oakland cities.

Mr. Johnson handles the Hoyt and Rand water heaters as well as specializing in remodeling, plumbing, heating and sewer work. His many years of trustworthy service in the East Bay and the large volume of business he enjoys thoroughly proves his ability to serve you.—Advt.

Truman Mortuary Is Modern Institution

No community in California can boast of a finer nor a more complete funeral home than Chas. H. Truman has built and maintained under the name of The Truman Company.

Proper arrangement, planned appointments and perfect equipment are all necessary for the comfort of people in bereavement. These things must be coupled with a management thoroughly competent, and able to create the atmosphere of sympathy and understanding so essential to ease the grief of those who have lost a loved one.

We find no one who has come in contact with Mr. Truman who does not feel the dignity and quiet sympathetic understanding of his personality.

We of this community are indeed fortunate that we have such a funeral home in our midst and that our dear ones who pass away can be placed in such careful and competent hands.

The Home located at 2935 Telegraph Avenue, may be reached by phone at any hour of day or night by calling Holliday 5700.—Advt.

Women Attended S. F. Ceremony

Miss Grayce Higgins and Mrs. Hazel Taylor of Albany Parlor, N. D. G. W., members of the joint drill team of Argonaut and Albany parlor, donned their uniforms last Sunday and assisted their captain, Mrs. Margie Welsh in presenting the American flag at the regular monthly breakfast of the Home Board at the Native Daughters Home in San Francisco.

Mrs. Sophie Ottewill, mother of Mrs. Taylor and also a member of the Albany Parlor was a guest at the breakfast.

An inspection of the home followed. Dr. Marianna Bertola, noted clubwoman, then gave an inspiring talk.

Next meeting of the breakfast club group will take place February 14 under the chairmanship of the San Francisco County deputies as hostesses.

"The Dyspeptic Orge" will be presented on the assembly program today under the direction of Mr. Borden at the Cornell School.
